**Students' Feedback on Curriculum
Report
(2019-20)**

The institution emphasizes on student enhancement and so it gives preference to the feedback obtained from them. Every year student's feedback is taken from the feedback form and henceforth analysed.

When the students were asked if the syllabus was need based, 97 % students replied positively. It reflects that more than half of the students i.e. 93 % have taken education for the sake of job and the syllabus is carrier oriented. As per the students suggestion 92 % students have a remarkable comment that they are fully satisfied with the syllabus taught by the teacher and all the students positively said that the syllabus is completed in time and it serves practical purpose.

They are also found happy and satisfied with fully equipped laboratories and library facilities availed to them, 80 % students read and use reference books and reading room to full extent. Most of them also expressed their interest and satisfaction in sports and its facilities.

87 % of the students feel that the programmes and activities are excellently conducted by the institution.
