Students' Feedback on Curriculum

Report

(2023-24)

The institution emphasizes on student enhancement and so it gives preference to the feedback obtained from them. Every year student's feedback is taken from the feedback form and henceforth analysed.

When the students were asked if the syllabus was need based, 92.8 % students replied positively. It reflects that more than half of the students i.e. 93.5 % have taken education for the sake of job and the syllabus is carrier oriented. As per the students suggestion 87.1 % students have a remarkable comment that they are fully satisfied with the syllabus taught by the teacher and all the students positively said that the syllabus is completed in time and it serves practical purpose.

They are also found happy and satisfied with fully equipped laboratories and library facilities availed to them, 85.6% students read and use reference books and reading room to full extent. Most of them also expressed their interest and satisfaction in sports and its facilities.

89 % of the students feel that the programmes and activities are excellently conducted by the institution.

**Teachers' Feedback on Curriculum
Report
(2023-24)**

Every year teacher's feedback is obtained from feedback forms and analysed as a step to ensure the betterment and improvement of the institution. Questions based on curriculum are framed and analysed. When teachers were asked if the syllabus taught to the students is beneficial and related to their routine life, 100% of teachers agreed. To the question if the syllabus designed to modern time, 92.6% teachers responded positively. When asked if it develop business / soft skills among students, 81.5 % said yes it develops and 18.5 % said it is not so accordingly, 92.6 % of teachers said that the textbooks available for teaching syllabus are enough while 7.4 % of them said that they are not enough. On being questioned whether the syllabus is too lengthy and detailed, 59.3 % of teachers opinion found it so and 40.7 % of them felt it is not lengthy, 100 % of teachers found that there is clarity and completeness in the syllabus and when questioned whether the syllabus taught is enough to build a strong personality of the students 100 % of them said yes.

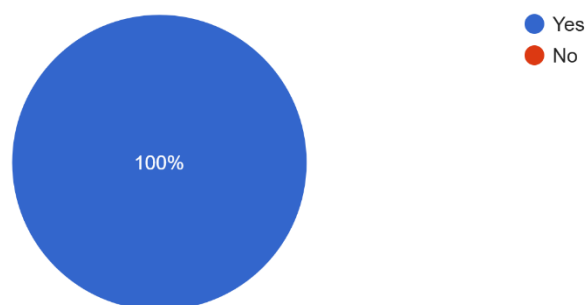

Here are some suggestions of teachers for creating employment and education system. According to them syllabus should increase employment opportunities, should be skill oriented, syllabus should be updated, new diploma courses should be introduced, annual teaching pattern should be implemented and focus must be on practical education.
